

Very traditional, affordable home plans from 1060 square feet to 2300 square feet

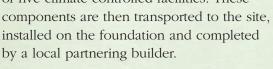

ABOUT RITZ-CRAFT

Founded in 1954, and still family owned and operated, Ritz-Craft specializes in "system built homes" that are custom built off site in one

of five climate controlled facilities. These installed on the foundation and completed by a local partnering builder.

Paul D. John, President/CEO

tecture while offering many aesthetically pleasing and functional features. Building your new home with Ritz-Craft's custom designed modules offers many advantages over conventional "stick by stick" site assembly. Our precision construction methods take place under roof in well lighted, climate controlled and efficient workstations that allow high quality and high efficiency. In fact, our quality assurance process

includes code compliance inspections by a state licensed third party agency and over twenty-five key inspection checkpoints monitored by our in-house Quality Assurance Team. Ritz-Craft also utilizes many Green Friendly materials and processes to save energy, recycle materials, and to manage waste in an environmentally responsible manner.

When you choose Ritz-Craft, you're selecting an experienced company with a commitment to quality and to the future. We have grown from a modest one-plant operation into a thriving enterprise with over one million square feet of climate controlled production space in five

modern highly mechanized plants. Some people ask if our homes are built as well as a site built home....and our proud reply is "yes, --- as well, and in many respects, better." We say that with confidence knowing our process simply cannot be matched with in-field home building methods.

We're proud of our custom built single story, cape cod style, and two story homes and we sincerely thank you for considering Ritz-Craft Corporation for your next home.

Ritz-Craft Family of Companies

Our family of companies also includes Ritz-Trans, Legacy Crafted Cabinets and Legacy Building Products. Ritz-Craft also provides construction to permanent mortgage financing through Ritz-Craft Home Mortgage, LLC.
